

Press Release – For Immediate Release

Neocase Software to attend the 2008 IHRIM HRMStrategies and Technology Exposition

Neocase will demo its innovative solution – Neocase HR – at booth #415 at the event

San Francisco, CA – May 26th, 2008 – Neocase Software, a provider of software solutions for managing and optimizing HR shared service and call centers announced today its participation in the 2008 IHRIM HRMStrategies Conference and Technology Exposition from June 3rd through June 4th. Neocase will showcase Neocase HR, its innovative Human Resources solution for case management, employee self-service and knowledge management.

Neocase Software will be appearing for the first time this year as an exhibitor, Booth #415, at the 2008 IHRIM HRMStrategies and Technology Expo to introduce its release of Neocase HR. Neocase will present Neocase HR, a vertical software solution for global corporations focused on managing and optimizing their HR Shared Services/Call Centers. The solution improves the management of daily interaction between employees and HR managers. Neocase HR has been implemented by corporations such as Air France and Renault-Nissan where it achieved substantial productivity gains and cost reductions. The Neocase HR solution is based on Neocase Software's extensive experience in developing collaborative customer service applications for large corporations in Europe and in North America.

"It is the right step for Neocase to be at the IHRIM event this year to present Neocase HR for the first time to an audience of senior HR Information Management executives," says Philippe Gaillard, CEO of Neocase Software. "Neocase HR has been extremely successful in Europe where clients such as Air France and RATP accomplished superb results in their HR operations with Neocase HR. We are now seeing a similar momentum in the US and consider the IHRIM event as a great launching point for Neocase HR to a broader audience."
